

## Colour Match Request Form

- Please ensure the sample you are sending is of adequate size and condition. Ideally something clean and at least 25mm x 25mm in size.
- We cannot match natural wood (including imitation wood grain/wood effect surfaces), metallic/pearlescent or fluorescent colours, fabrics or textured surfaces.
- Please do not send anything you require returning as we are unable to facilitate sending items back and they may be damaged during the colour match process.
- Our colour match service is FREE, but we reserve the right to refuse access to it should we deem necessary. There may be instances where we are unable to match your colour for reasons outside of our control, if this is the case we will contact you as soon as possible.
- Colour matching usually takes around 1-2 working days to complete from receipt of your sample. Once complete, we will contact you via email to provide you with details of your matches.
- It is ALWAYS recommended that before purchasing your desired product in the identified colour match, that you order one of our Colour Sample Sachets to test the match first to ensure you are happy. Whilst every effort is made to provide an accurate match, no guarantees (express or implied) are given and you should ensure you are satisfied with the match prior to carrying out your project as no responsibility for costs/damages incurred will be accepted by Rawlins Paints as a result of an unsatisfactory match.

<b>Name:</b>	
<b>Company (if applicable):</b>	
<b>Tel:</b>	
<b>Email:</b>	
<b>Product you require the colour match for:</b>	
<b>Notes:</b>	

Please ensure all fields of this form are completed, include it with your sample and send to;

Rawlins Paints
